Century Link Cut a Phone Line

Good evening -

The District was notified by the contractor working on the Pond 5 culvert project that a Century Link phone line was cut during work today because the line was not located and marked properly by the locate company. The contractor has advised Century Link of the situation, and they have indicated they would be onsite tomorrow to repair the line.

We apologize for this inconvenience and will monitor the repairs by Century Link tomorrow to ensure the repair is made as soon as possible.

Thank you for your patience.

Ronda Zivalich
FHMD - District Manager
