Culvert Project Update – 11/04/2024

Dear Riva Chase and Panoramic View Residents:

The culvert repair project continues and full closure of Forest Hills Drive has occurred. Our contractor has observed cars following construction trucks through the gate and either proceeding up the hill on Forest Hills Drive or turning onto Willobe. Please do not use the Forest Hills Drive entrance until this project is completed as a trench will be dug next week and the road will be impassable. It is dangerous to you and the contractors working in the area.

Speeding through the community has also been observed. As a reminder, the posted speed limit in the community is 15 MPH. For the safety of people walking along the roads with kids and dogs, please observe the speed limit.

I noticed several packages left at the gatehouse yesterday by delivery drivers. I personally delivered them but ask that when you are ordering things for delivery, please provide directions for the alternate routes into the community in the note section of your order. During this project, if you are missing deliveries, please check both east and west sides of the gatehouse.

We appreciate your continued understanding and patience.

Your Board of Directors and
Ronda Zivalich
FHMD District Manager
