Culvert Project Update – 11/22/2024

Dear Riva Chase and Panoramic View Residents:

The culvert repair project continues and about 75% of the new pipe has been installed between Ponds 4 and 5. Although people continue to attempt to walk through the area, the contractor has noted that it has decreased in frequency. Remember that the barricades, construction cones and road closure signs are there for your safety. Please continue keep yourself and our contractor safe by staying out of this area completely until this project is finished.

Additional signage at the gatehouse appears to have helped with UPS dropping packages there, however, it still continues, so if you're missing a package, please check for it at the gatehouse.

We appreciate your continued understanding and patience.

Your Board of Directors and
Ronda Zivalich
FHMD District Manager
